

PETER CLARK

REMIX

MEDIA RELEASE

MONDAY 31 MARCH TO SATURDAY 3 MAY 2014

Stripes R A Must This Season, 2014, collage, 99 x 58 cms

Peter Clark's eighth exhibition with the Rebecca Hossack Art Gallery, *REMIX*, will display a collection of collages alongside Clark's latest work using watercolour.

Clark's addition of watercolour to his repertoire is the result of a stroke that he had less than a year ago. Whilst recovering, Clark mentioned the bouquets of flowers given to him, which inspired him to embark upon painting.

REMIX is a show befitting of the internationally renowned artist, whose work is in major private and public collections around the world. A best-selling book on his art, *Paper Work – Peter Clark*, was published by Black Dog, London, in 2009.
