

Art review: the mysterious night

Copyright Laurence Jones

Laurence Jones paints stunning architectural nightscapes, which look like they've come straight out of an American luxury property magazine. Views over cities at nights, swimming pools and a tennis court look eerie as they are devoid of any sign of people. It's a small show but the works are beautiful and mysterious. *Laurence Jones at Rebecca Hossack Gallery, 28 Charlotte Street, W1T 2NA, until 27 May, free ★★★☆☆ (Monday-Saturday)* **Tabish Khan**
